Dear manager,

I hope this email finds you in good health.

I would like to introduce myself. My name is Vu Khanh Nguyen and I have been a club member for 5 years. I am writing this email to express my opinion concerning the recent email that I have received from the club.

According to the email, a recent report indicates that young people in their 20s do not cook at home, and the club wants to encourage them to learn cooking. To be honest, I was a little disappointed to hear this news because I believe cooking is a valuable skill that many young people should have, but they often feel overwhelmed or unsure where to start.

Besides, **I suggest the club could create video tutorials or recipe cards that members can follow at home.** This would be a convenient way for people to learn cooking at their own pace.

I have spoken to other club members, and I know that they also share the same opinions as me.

I hope you will consider these suggestions and let me know what you decide.

I am looking forward to hearing from you soon.

Marco: If I visit your country, where can I eat some local food. What should I try? Can you give me some advice

If you visit my country, you can eat local food in many places. You should try pho, banh mi, and spring rolls. They are delicious and cheap. In Ho Chi Minh, you can find them in street stalls or restaurants. I hope you enjoy your trip!

Sylvia: People are eating more and more fast food like pizza. It is not healthy and they should eat less. What is your opinion?

Hi Sara,

How's it going? I hope everything goes well with you.

I got an email from the club manager. He has an idea to organize a walking competition through several Europe countries in two weeks. But some people think it is not realistic.

I agree with them. It sounds too ambitious and expensive. I think the club should focus on local events and activities that are more accessible and affordable for everyone.

What do you think? Do you have any suggestions for the club?

Please reply soon.

Your friend,
Nguyen

Dear manager,

I hope this email finds you in good health.

My name is Vu Khanh Nguyen and I have been a club member for 5 years. I am writing this email to express my opinion concerning the recent email that I have received from the club.

According to the email, the club is planning to organize a walking competition through several Europe countries in two weeks. I think it is a very exciting and challenging idea, but I also agree that it is not very realistic.

There are many factors that make this idea difficult to achieve, such as the cost, the distance, the visa requirements, the weather, the safety, and the health of the participants. I think it would be too stressful and risky to try to walk across different countries in a short time.

Therefore, I suggest that we can do something simpler and closer to home, like a walking challenge in our own city or country. We can still have fun and stay healthy, but without traveling abroad. We could also extend the duration of the competition and make it more flexible. We could also invite other walking clubs to join us and make it more fun and social.

I hope you will consider my suggestion and let me know what you think. I am looking forward to hearing from you soon.

Sincerely,
Nguyen
