I got an email from the book club. The email stated that the local authorities announced that the public library may close next year. **I'm so sad about the library.** I love going there and reading books. It's not fair that they want to close it. We should do something to stop them. **Maybe we can sign a petition or write letters.** Can you help me with that? Please reply soon.

Love,
Nguyen

Dear manager,

I hope this email finds you in good health.

First, I would like to introduce myself. My name is Vu Khanh Nguyen and I have been a club member for 5 years. I am writing this email to express my opinion concerning the recent email that I have received from the club.

According to the email, the local authorities announced that the public library may close next year. Many people prefer reading on the internet so there is no need for a public library. **To be honest, I was in a black mood when I heard this news.** (*cảm xúc*)

From my perspective, I think it is very important to keep it open. The library has many books that are not on the internet. The library also helps people who cannot afford to buy books or computers. The library is a place where people can meet, learn and have fun. (*ý kiến*)

I think we should write a letter to the authorities and explain why the library is valuable for us and for society. We should also ask them to reconsider their decision and find other ways to save money. We should also start a petition and get signatures from other people who support the library. We should also spread the word on social media and ask our friends and family to join us. (*đề xuất- quan trọng*)

I hope you agree with me and I look forward to hearing from you soon.

Yours sincerely,
Nguyen

Hi Sara,

How's it going? I hope everything goes well with you.

I'm in the Film club and we have a cool project. We need to design a new library that is fun for everyone. What do you think? I have an idea. **We can make the library look like a movie theater, with posters, popcorn and comfy seats. We can also have different sections for different genres, like horror, comedy, romance, etc. And we can have a big screen to show movies sometimes.** Wouldn't that be awesome? Let me know what you think.

Dear manager,

I hope this email finds you in good health.

First, I would like to introduce myself. My name is Vu Khanh Nguyen and I have been a club member for 5 years. I am writing this email to express my opinion concerning the recent email that I have received from the club.

According to the email, you said that the club received an email about a new library and we need to brainstorm the design of this library to appeal to both young and old. To be honest, I was on top of the world when I heard this news.

From my perspective, I think we should make the library look like a movie theater, with posters, popcorn and comfy seats. This way, people can feel like they are in a cinema when they read books or watch movies. Besides, **it would be great if we** have different sections for different genres, like horror, comedy, romance, etc. This would help people find books that match their mood and interest.

Another idea is to have a big screen to show movies sometimes. We can have movie nights where we invite people to watch films related to the books we have in the library.

I hope you find my suggestions helpful. Please let me know if you have any questions.

Sincerely,
Nguyen
